Ensure your residency matches

Your residence must match the one on your ID or proof of address. Changing your country or region of residence after confirmation will require additional verification.

TIP: At this point, it is a good idea to download the OKX app onto your phone, as it simplifies the Verification process. It will also be a convenient way to track your trading in future.

2. Verifying your Account

You will be required to verify your identity:

To comply with local laws and regulations, and to help prevent identity theft and fraud, you need to complete identity verification to continue using the OKX services.

You'll need to provide:

- ID and selfie verification
- Personal information

To verify your identity, you need to take a photo (front and back) of your ID as well as a selfie.

Open the camera on your smartphone and aim it at the QR code. The link will open up automatically if the view is in focus.

Note: Account Protection

To protect your account, it may take up to 40 days to start withdrawing crypto purchases with deposited funds or card. You can withdraw funds to your back account and buy, sell, or trade on OKX at any time. Crypto deposited on-chain can be withdrawn right away.

SEPA payments:

You can click on the double squares to the right, to copy the selected IBAN and Swift/BIC code into your bank's payment portal.

Note: You can only deposit from a bank account that belongs to you!

Depending on your bank, this transfer may take up to two business days. OKX will email you when it's complete.
